

Outstanding Opportunities

Aerospace & Non-Marine Insurance NQ-3 PQE

Our international law firm client is looking to recruit a lawyer to assist both the aerospace and the non-marine insurance practices. In addition to the varied workload and opportunity to work closely with highly regarded partners in their specialist field, the successful candidate will be directly involved in the marketing and business development of this rapidly developing office. The ideal candidate is someone who is energetic, enthusiastic and enjoys marketing/client contact. This is an exciting opportunity for someone who is keen to be part of a dynamic office and to help the partners develop the business. SLG5137

Corporate & Commercial 4-5+ PQE

Our premier international law firm client has additional headcount needs within its Jakarta offices for a corporate/commercial lawyer. This is an excellent opportunity for an ambitious mid level associate. Preferred candidates will be Indonesian qualified lawyers with an international law firm training and/or experience from a major SE Asia financial centre. You will have at least 4-5 years PQE across corporate and commercial law work. In return you will be rewarded with a competitive compensation package, blue chip client base and the chance to build a legal career within a premier international law firm. SLG9049

Project Finance 1-3 PQE

This is an opportunity to join the project finance practice of this US law firm during an exciting time of growth in the market. Based in Hong Kong, you will be afforded the opportunity to develop your career alongside highly regarded partners in this field. Two new openings exist for a junior and a mid-level finance lawyer. Candidates with a finance background i.e. leveraged finance, acquisition finance, banking and finance will be considered. Ideally you will have prior project finance experience. Property development and energy related projects experience is particularly relevant. To apply you must be UK/US qualified with strong academics. SLG8271

PRC Derivatives Lawyer 7+ PQE

This role represents an excellent opportunity for an experienced banking/derivatives lawyer looking to expand their in-house legal career within greater China (Shanghai). You will be a PRC qualified lawyer working for the greater China/SE Asia offices of a premier international law firm or financial institution. You will have a solid background in derivatives products and documentation work and previous in-house experience would be useful. You will have minimum of 7 PQE including 3 years experience of derivatives work. You will possess fluent written and spoken English and Chinese language skills. SLG8988

Dispute Resolution & Arbitration 1-6 PQE

Take your career to the next level with our magic circle law firm client. This is a very exciting opportunity for a bright, ambitious and dynamic lawyer with Singapore/South East Asia litigation/arbitration experience. You must have excellent academics and relevant experience gained at a top Singaporean or international law firm. The successful individual will be afforded high quality arbitration and non-court related contentious work acting on behalf of market leading clients. As one of the largest international law firms within the region, this is the platform to excel and develop your career. Singaporean qualification is not essential. SLG9002

Mergers & Acquisitions 5-7 PQE

This globally renowned international law firm has had a presence in Singapore and the Asian region for nearly half a century. It is currently looking for a lawyer specialising in M&A. The focus of this team is in coordinating, structuring, documenting and implementing all types of multinational and local transactions including acquisitions, divestitures, financing, joint ventures, mergers, reorganisations, spin-offs and strategic alliances. You will have good academics (you must have a 2:1 degree or higher) and relevant experience gained within an established law firm. Quality instructions and the opportunity to broaden your experience across multiple areas is offer. SLG2846

Energy/Project Finance/Infrastructure Partner

An opportunity has arisen for a partner level hire with this top 3 US energy practice. Based in Beijing, this opportunity is open to candidates currently at partner level or looking for a partner level position. You must have a credible book of portable business and be able to present a realistic and deliverable business plan. You might already be based in Beijing or have gained solid China energy market knowledge elsewhere. The right candidate will be a self starter, able to work independently and keen to take a hands-on role marketing and developing the business. Mandarin speaker required. SLG8523

Corporate/Commercial Lawyer 3+ PQE

Our energy infrastructure client is looking for a Singapore/common law qualified corporate/commercial lawyer to provide legal support to its Singapore operations. The successful candidate will have at least 3 - 6 PQE from the Singapore operations of either a leading international law firm or MNC. You will be able to work independently and under pressure with minimum supervision and demonstrate drive, enthusiasm and initiative. Good analytical skills and attention to detail is important. You will possess fluent English language abilities (written and spoken). Mandarin would also be useful. SLG8982
